

OLD MISSION PENINSULA SCHOOL

2021/2022 Conditions for Closure

The Academy will use a set of guidelines to determine the safety of student learning. The “Conditions for Closure” include:

- Insufficient staff for 2-3 consecutive days. Insufficient staff would mean that the substitute list was exhausted in the event of a staff member’s absence.
- Student attendance rate falls below 75%.
- Two classrooms were infected in some capacity, requiring at least 8 of each classroom to quarantine. On average, that would be a total of 16 students absent because of quarantine alone, potentially bringing OMPS close to or just below the 75% attendance rate.

If one of the factors above is reached, the Academy will potentially move to remote learning for a predetermined amount of time.
